Professional Summary

Detail-oriented and analytically driven, with hands-on experience turning large, messy datasets into clear, decision-ready insights using Python, SQL, MS Excel, and Power BI. Skilled in exploratory data analysis, data quality validation, KPI dashboard design, and workflow automation that cuts manual reporting effort. Comfortable translating business questions into analytical outputs across cross-functional teams, backed by a Computer Science background, strong problem-solving instincts, and a track record of self-driven analytics projects.

Technical Skills

Programming: Python, SQL

Data Analysis: EDA, Data Cleaning & Transformation, Statistical Analysis, Data Quality & Validation Checks, Hypothesis-driven Analysis

BI & Reporting: Power BI, DAX, Power Query, MS Excel (Advanced Formulas, Pivot Tables), KPI Dashboards, Report Automation

Python Libraries: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn

Databases & Big Data: MySQL, PySpark, Hadoop

Web Scraping: Python (Selenium)

Tools & Collaboration: Git, GitHub, VS Code, Jupyter Notebook, Cross-functional Communication

Professional Experience

Data Science Intern — PySpiders, Bengaluru *Mar 2026 – Jul 2026*

Tech Stack: Python, SQL, Pandas, NumPy

- Built Python-based data pipelines with SQL integration and file handling to collect, clean, and structure raw datasets for analysis.
- Performed exploratory data analysis on structured datasets using Pandas and NumPy to surface trends and support data-driven insights.
- Designed reusable, modular scripts to automate recurring data-handling and preprocessing tasks, improving analytical workflow efficiency.

Data Scientist Intern (Data Analytics) — VCodez, Chennai *Jul 2025 – Nov 2025*

Tech Stack: SQL, Power BI, Python, Pandas, NumPy, Excel, MySQL

- Analyzed 30,000+ business records using SQL and Python to uncover customer behavior, revenue trends, and operational inefficiencies, directly supporting data-driven business decisions.
- Ran end-to-end data quality checks and cleaning in Excel and Python to validate sources, reconcile discrepancies, and ensure consistent, reliable reporting.
- Built interactive Power BI dashboards with KPI tracking, charts, slicers, and drill-through reports, while performing ETL, data cleaning, and transformation — reducing manual reporting effort by 40%.

Software Developer Intern — Gateway Software Solutions, Coimbatore *Mar 2025 – Jun 2025*

- Developed and maintained Python modules, fixed bugs, and improved code quality while collaborating with a development team using Git.
- Participated in code reviews and testing cycles, contributing to more reliable and maintainable application releases.

Key Projects

E-Commerce Sales Analytics Dashboard *SQL, Power BI, Python, Pandas, Excel*

- Processed and analyzed 50,000+ sales transactions using SQL and Python to identify purchasing behavior, revenue trends, and business performance.
- Designed interactive Power BI dashboards with KPI tracking, customer segmentation, regional sales analysis, and forecasting — cutting reporting time by 30%.

Student Performance Analytics Dashboard *Python, SQL, Power BI, Pandas, Scikit-learn*

- Performed data cleaning and exploratory data analysis to identify academic performance trends and factors influencing outcomes.
- Built Power BI dashboards visualizing attendance, marks, and pass percentage, enabling early identification of at-risk students.

Healthcare Analytics Dashboard *SQL, Power BI, Python, Pandas, Excel*

- Processed and transformed healthcare datasets using SQL and Python to analyze patient records and operational metrics.
- Developed interactive Power BI dashboards to monitor hospital KPIs, patient trends, and operational performance.

Education

B.E., Computer Science and Engineering *Graduation: 2026*
Hindusthan College of Engineering and Technology, Coimbatore
CGPA: **8.05**

Certifications

- Data Science Course — PySpiders, BTM, Bengaluru
- Artificial Intelligence Fundamentals — IBM SkillBuild
- Python for Data Science — GUVI
- Power BI Real-Time Dashboard Workshop — Office Master
